|   |   | ·  |  |  |
| SECTION 4: First aid measures   |   |  |  |  |
| 4.1. Description of first aid measures  |   |  |  |  |
| First-aid measures after inhalation   | : If breathing is difficult, remove v<br>breathing. If experiencing respir  | victim to fresh air and keep at rest in a po<br>ratory symptoms: Call a POISON CENTE   | sition comfortable for<br>R or doctor/physician.   |  |
| First-aid measures after skin contact   |   | flush skin with plenty of water. Remove or<br>re reuse. Call a physician if irritation deve  |  |  |
| First-aid measures after eye contact : In case of contact, immediately flush eyes with plenty of water for at least 15 minut<br>do, remove contact lenses, if worn. Immediately call a poison center/doctor.  |   |  |  |  |
| First-aid measures after ingestion : If swallowed, do NOT induce vomiting unless directed to do so by medical personnel. Never giv<br>anything by mouth to an unconscious person. Get medical advice/attention if you feel unwell.  |   |  |  |  |
| 4.2. Most important symptoms and ef   | ffects, both acute and delayed  |  |  |  |
| Symptoms/injuries after inhalation  |   | ation. May cause allergy or asthma symp  | toms or breathing  |  |
|   | difficulties if inhaled.  |  | -  |  |
| Symptoms/injuries after skin contact  | of the skin.  | ns may include redness, edema, drying, c   |  |  |
| Symptoms/injuries after eye contact   | tear production, with marked red  | ymptoms may include discomfort or pain<br>dness and swelling of the conjunctiva.   | -  |  |
| Symptoms/injuries after ingestion   | <ul> <li>May be harmful if swallowed M</li> </ul>   | : May be harmful if swallowed. May cause stomach distress, nausea or vomiting.   |  |  |
|   |   |  | 5  |  |

| 8.2. Exposure controls           |  |
|----------------------------------|--|
| Appropriate engineering controls | : Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.   |
| Hand protection                  | : Wear chemically resistant protective gloves.   |
| Eye protection                   | : Wear approved eye (properly fitted dust- or splash-proof chemical safety goggles) / face (face shield) protection.   |
| Skin and body protection         | : Wear suitable protective clothing.   |
| Respiratory protection           | In case of insufficient ventilation, wear suitable respiratory equipment. Respirator selection<br>must be based on known or anticipated exposure levels, the hazards of the product and the<br>safe working limits of the selected respirator. |
| Environmental exposure controls  | : Maintain levels below Community environmental protection thresholds.   |
| Other information                | : Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.   |
|                                  |  |

#### SECTION 9: Physical and chemical properties 0 1

| 9.1. Information on basic physica | Il and chemical properties |     |
|-----------------------------------|----------------------------|-----|
| Physical state                    | : Solid                    |     |
| Appearance                        | : Powder                   |     |
| Colour                            | : White with beige specs   |     |
| Odour                             | : Lemon                    |     |
| Odour threshold                   | : No data available        |     |
| рН                                | : 10 (0.5 % dilution)      |     |
| 10/03/2016                        | EN (English)               | 4/7 |

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHMIS 2015

| Melting point                              | : No data available |
|--|---------------------|
| Freezing point                             | : No data available |
| Boiling point                              | : No data available |
| Flash point                                | : No data available |
| Relative evaporation rate (butylacetate=1) | : No data available |
| Flammability (solid, gas)                  | : Not flammable     |
| Explosive limits                           | : No data available |
| Explosive properties                       | : No data available |
| Oxidising properties                       | : No data available |
| Vapour pressure                            | : No data available |
| Relative density                           | : 0.79              |
| Relative vapour density at 20 °C           | : No data available |
| Solubility                                 | : No data available |
| Partition coefficient n-octanol/water      | : No data available |
| Auto-ignition temperature                  | : No data available |
| Decomposition temperature                  | : No data available |
| Viscosity                                  | : No data available |
| Viscosity, kinematic                       | : No data available |
| Viscosity, dynamic                         | : No data available |
|  |                     |

#### 9.2. **Other information** No additional information available

| SECTION 10: Stability and reactivity                 |   |
|--|---|
| 10.1. Reactivity                                     |   |
| No dangerous reaction known under conditions of      | normal use.                                       |
| 10.2. Chemical stability                             |   |
| Stable under normal storage conditions.              |   |
| 10.3. Possibility of hazardous reactions             |   |
| No dangerous reaction known under conditions of      | normal use.                                       |
| 10.4. Conditions to avoid                            |   |
| Heat. Incompatible materials.                        |   |
| 10.5. Incompatible materials                         |   |
| Oxidizing agents.                                    |   |
| 10.6. Hazardous decomposition products               |   |
| May include, and are not limited to: oxides of carbo | on.   |
| <b>SECTION 11: Toxicological informatio</b>          | n   |
| 11.1. Information on toxicological effects           |   |
| Acute toxicity :                                     | Not classified.                                   |
| Enzymax Powder/Enzymax Pax                           |   |
| LD50 oral rat  | > 2000 mg/kg (Calculated Acute Toxicity Estimate) |
| LD50 dermal rabbit                                   | > 2000 mg/kg (Calculated Acute Toxicity Estimate) |
| LC50 inhalation rat                                  | > 5 mg/m³/4h (Calculated Acute Toxicity Estimate) |
| Sodium dodecylbenzenesulfonate (25155-30-0           |   |
|  |   |

| 11.1. Information on toxicological effects |   |  |
|--|---|--|
| Acute toxicity                             | : Not classified.                                 |  |
| Enzymax Powder/Enzymax Pax                 |   |  |
| LD50 oral rat                              | > 2000 mg/kg (Calculated Acute Toxicity Estimate) |  |
| LD50 dermal rabbit                         | > 2000 mg/kg (Calculated Acute Toxicity Estimate) |  |
| LC50 inhalation rat                        | > 5 mg/m³/4h (Calculated Acute Toxicity Estimate) |  |
| Sodium dodecylbenzenesulfonate (25155-3    | 0-0)  |  |
| LD50 oral rat                              | 500 mg/kg   |  |
| Pentasodium triphosphate (7758-29-4)       |   |  |
| LD50 oral rat                              | 3120 mg/kg  |  |
| LD50 dermal rabbit                         | > 7940 mg/kg                                      |  |
| Sodium metasilicate (6834-92-0)            |   |  |
| LD50 oral rat                              | 1153 mg/kg  |  |

### Safety Data Sheet

| Subtiliaina (protoclutic annumae) (0011.01.1)     |   |
|---|---|
| Subtilisins (proteolytic enzymes) (9014-01-1)     | 2700 ma/kg  |
| LD50 oral rat                                     | 3700 mg/kg  |
| kin corrosion/irritation                          | : Causes skin irritation.   |
| erious eye damage/irritation                      | : Causes serious eye damage.  |
| espiratory or skin sensitisation                  | : May cause allergy or asthma symptoms or breathing difficulties if inhaled.  |
| Serm cell mutagenicity                            | : Based on available data, the classification criteria are not met  |
| Carcinogenicity                                   | : Based on available data, the classification criteria are not met  |
| Reproductive toxicity                             | : Based on available data, the classification criteria are not met  |
| pecific target organ toxicity (single exposure)   | : Based on available data, the classification criteria are not met  |
| pecific target organ toxicity (repeated exposure) | : Based on available data, the classification criteria are not met  |
| spiration hazard                                  | : Based on available data, the classification criteria are not met  |
| ymptoms/injuries after inhalation                 | : May cause respiratory tract irritation. May cause allergy or asthma symptoms or breathing difficulties if inhaled.  |
| ymptoms/injuries after skin contact               | : Causes skin irritation. Symptoms may include redness, edema, drying, defatting and cracking of the skin.  |
| ymptoms/injuries after eye contact                | : Causes serious eye damage. Symptoms may include discomfort or pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.                         |
| ymptoms/injuries after ingestion                  | : May be harmful if swallowed. May cause stomach distress, nausea or vomiting.  |
| ECTION 12: Ecological information                 |   |
| 2.1. Toxicity                                     |   |
| cology - general                                  | : May cause long-term adverse effects in the aquatic environment.   |
| 2.2. Persistence and degradability                |   |
| Enzymax Powder/Enzymax Pax                        |   |
| Persistence and degradability                     | Not established.  |
| 2.3. Bioaccumulative potential                    |   |
| Enzymax Powder/Enzymax Pax                        |   |
| Bioaccumulative potential                         | Not established.  |
|   |   |
| 2.4. Mobility in soil                             |   |
| o additional information available                |   |
| 2.5. Other adverse effects                        |   |
| ffect on global warming                           | : No known effects from this product.   |
| ECTION 13: Disposal consideration                 | S .   |
| 3.1. Waste treatment methods                      |   |
| /aste disposal recommendations                    | : This material must be disposed of in accordance with all local, state, provincial, and federal regulations. The generation of waste should be avoided or minimized wherever possible. |
| ECTION 14: Transport information                  |   |
| epartment of Transportation (DOT) and Trans       | sportation of Dangerous Goods (TDG)   |
| accordance with DOT and TDG                       |   |
| lot regulated for transport                       |   |
| dditional information                             |   |
|   |   |

- : No supp
- Special transport precautions
- : Do not handle until all safety precautions have been read and understood.

### **SECTION 15: Regulatory information**

### 15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

All components of this product are listed, or excluded from listing, on the Canadian DSL (Domestic Substances List) and NDSL (Non-Domestic Substances List) inventories.

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHMIS 2015

| 15.2. US State regulations |           |   |
|----------------------------|-----------|---|
| Enzymax Powder/Enzymax Pax | <u>.</u>  |   |
| State or local regulations |           | This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm |
| SECTION 16: Other infor    | mation    |   |
| Date of issue              | : 10/03/2 | 2016  |
|                            |           |   |
| Revision date              | : 10/03/2 | 2016  |
